

# "ALFA 5"

## **PNEUMATIC PUNCHING MACHINE Mod. "ALFA 5"**

### **SPECIFICATIONS**

*Machine for perforation sheet aluminum and stainless steel.*

*Simultaneous hole drilling of five positions manually adjustable along the side of the machine with a convenient and secure clamping system.*

*Operation with connection to compressed air line without electricity grid power.*

*Compact bench with rigid and lightweight at the same time to facilitate easy transportation at the construction site, where it is particularly useful in combination with the ERA80 Border & calander machines*

*Customized according to the needs of the customer with regard to size, number of drill heads and diameter of punching.*

### **TECHNICAL DATAS**

Supply pressure	8 Bar.
Number punch heads	5 (other quantities available on request)
Hole diameter	Ø 3.2 mm (other dimensions on request)
Dimensions [W x D x H]	1350 x 650 x 1050 mm
Weight	40 kg
Sheet width	From 995 to 1005 mm (other dimensions on request)
Stainless steel (Rm 510N/mm <sup>2</sup> ) sheet thickness	From 0,4 to 0,6 mm
Aluminum (Rm 290N/mm <sup>2</sup> ) sheet thickness	From 0,5 to 1,2 mm
